
TRAIL USERS - CAUTION

Bow and firearm hunting permitted in some areas along trails. "Hunter Orange" clothing suggested during hunting season.
For information about hunting seasons contact State Fish & Game at (908)735-8240.

The surface of the Patriots' Path treadway varies with locality and terrain. Two miles of paved path run from Lake Rd. to Washington Valley Rd. in Morris Township. Other sections are stabilized with crushed stone and gravel, and still others are left as narrow paths on earth and rock. Several miles lie on cinder and gravel beds of old railroad lines in Morris and Chester Townships. Boots with ankle support are recommended when hiking this trail network.

Close to 20 miles of continuous, dedicated Patriots' Path lie between Speedwell Ave., Morristown and Ralston Corners on Rt. 513 in Mendham Township and the connecting branch between Sunrise Lake in Mendham Township and New Jersey Brigade Hut Sites in Bernardsville.
